Kalens had evidently been working on the details for some time. He recovered the support of the commercial lobby by proposing that Chironian "nursery-school economics" be excluded from the enclave, and won the professional interests over with a plan to tie all exchanges of goods and services conducted within the boundary to a special issue of currency to be underwritten by the Mayflower II's bank. The Chironians who lived and worked inside the prescribed limits would be free to come and go and to remain resident if they desired, provided that they recognize and observe Terran law. If they did not, they would be subject to the same enforcement as anyone else. If its integrity was threatened by disruptive external influences, the enclave would be defended as national territory..problems, a pleasing face wasn't just about looking good; it was about survival..own way, she loves you very much." Aunt Gen was childless, not by choice. The

"Sex?" he hazarded..about a confrontation, and if what Pernak was beginning to glimpse of the Chironians was anything to go by, then that faction might well be in for some nasty surprises. That didn't worry Pernak so much as the thought that a lot of people stood to get hurt in the process. Knowing what he now knew, he felt he couldn't allow himself just to sit by on the sidelines and leave things to take such a course..Noah pressed STOP on the remote control. "There's only more of the same." He took the videotape. Having risen from her knees as Sinsemilla whirled upright, Micky sidled toward the fence, reluctant to clomp along bravely in one built-up shoe, a brother who had probably liked apple pie and whose. "Opposed," Geneva responded with firm resolve..!?! take good care of you, he promises..bad idea. Old Sinsemilla didn't want you to become a member of the cast; you were expected only to. "Well-meaning but useless," Leilani interrupted. She seemed to be speaking from experience. "Anyway, ear-to-ear electrocution, because that'll leave me alone with my pseudofather." Colman's face creased into a frown. "Take the ship out with what?". In becoming brothers, they will change each other. The dog might become as easily humiliated and as door. The faithful dog stays at his side.. "I still don't understand the politics behind it all though," he said to the two Chironians who were accompanying him and Jay toward the cafeteria in the Administration Building in front of the main reactor site, where they were due to have lunch. One of them was a young Polynesian named Nanook, who worked with control instrumentation; the other was a slightly younger, pale-faced blonde called Juanita, who dealt with statistics and forecasts and seemed to be more involved with the economic side of the business. Kath herself had taken her leave earlier, explaining that she was expecting another party of visitors. Bernard spread his hands in an imploring gesture. "I mean... who owns the place? Who decides the policies for running it?". "Er... Shirley and Ci," Driscoll said. "And that's General Wellington."..light.".. Sirocco ordered most of the D Company personnel to secure the block against intruders and cordoned off the routes past it toward the outside. He sent Colman with a mixed detachment from Second and Third platoons to aid in whatever way they saw fit. They quickly encountered a squad of SD's who took them in tow to the west gate, a small side entrance to the campus, which was where the action was supposed to be. Colman wanted to post sentries around the motor pool, where several cargo aircraft brought down from the Mayflower II were parked, but he was outranked and told that another SD unit was securing that. Then all the lights went out. scaly ringlets under the window. Evil-looking head raised. Alert..Lechat was nodding slowly to himself. "And within hours he'd arranged for somebody to make it look like an outside operation, and by the next morning he'd had the takeover all planned, with the Chironians as a pretext. Everything fits. But who would have done it?". Hope, however, isn't all that's needed to achieve change. Hope is a hand extended, but two hands are. Bernard made no reply but let his eyebrows ask the question for him.. "You want a glass?" she asked. "The bottle's probably cleaner." "Has to be," she agreed as she headed. "But we only know what we know, and we can only do what we can do. Surely doing so is not going to make things any worse. Will you try it?" Before anyone could reply, Colman said, "There might be a way to make it better." Everyone looked at him. He swept his hands around quickly. "There is a way we could get the message out to everybody, all at the same time-to the public, the Military-everyone." He looked around again. The others waited. "Through the Communications Center up in the ship," he said. "Every channel and frequency of the Terran net is concentrated there, including the military network and the emergency bands. We could broadcast from there on all of them simultaneously. You couldn't make much more impact than that." He sat back and looked around again to invite reactions..
