"You know, if it was Gelluk questioning you, he'd have

everything you know out of you just with a word or two, and your wits with it. I've seen what old Whiteface leaves behind when he asks questions. Listen, can you work with the wind at all?" "I'm really not sad, Mom. I'm not. I don't like it this way, being blind. It's ... hard." His small voice, musical as are the voices of most children, touching in its innocence, spun a fragile thread of melody in the dark, and seemed too sweet to be speaking of these bitter things. "Real hard. But being sad won't help. Being sad won't make me see again." The past three years had given Wally much to celebrate, as well. After selling his medical practice and taking an eight-month hiatus from the sixty-hour work weeks he had endured for so long, he'd been giving twenty-four hours of free service to a pediatric clinic each week, providing care to the disadvantaged. He'd worked hard all his life, and saved diligently, and now he was able to focus solely on those activities that gave him the greatest gratification. In the bedroom, as he opened a suitcase on the bed, he saw the quarter. Shiny. Heads-up. On the nightstand. After prying Junior out of the meditative position, Chicane pushed him onto his back and vigorously--indeed, violently--massaged his thighs and calves. "Really bad muscle spasms," he explained. Into the autumn of 1967, Junior reviewed hundreds of thousands of phone listings, and occasionally he located a rare Bartholomew. In San Rafael or Marinwood. In Greenbrae or San Anselmo. Located and investigated and cleared them of any connection with Seraphim White's bastard baby. Three years ago, in St. Mary's Hospital, with Phimie's warning fresh in her mind, Celestina swore that she would be ready when the beast came, but here he came, and she was as not ready as possible. Time passes, the perception of a threat fades, life becomes busier, you work your butt off as a waitress, you graduate college, your little girl grows to be so vital, so vivid, so alive that you know she just has to live forever, and after all, you are the daughter of a minister, a believer in the power of compassion, in the Prince of Peace, confident that the meek shall inherit the earth, so in three long years, you don't buy a gun, nor do you take any training in self-defense, and somehow you forget that the meek who will one day inherit the earth are those who forego aggression but are not those so pathetically meek that they won't even defend themselves, because a failure to resist evil is a sin, and the willful refusal to defend your life is the mortal sin of passive suicide, and the failure to protect a little yellow M&M girl will surely buy you a ticket to Hell on the same express train on which the slave traders rode to their own eternal enslavement, on which the masters of Dachau and old Joe Stalin traveled from power to punishment, so here, now, as the beast throws himself against the door, as he shoves aside the barricade, with what precious little time you have left, fight. Junior shoved through the blocked door, into the bedroom, and the bitch hit him with a chair. A small, slat-back side chair with a tie-on seat cushion. She swung it like a baseball bat, and there must have been some Jackie Robinson blood in the White family line, because she had the power to knock a fastball from Brooklyn to the Bronx. Sometimes, while shaving or combing his hair, as he was looking in the bathroom or foyer mirror, Junior thought that he glimpsed a presence, dark and vaporous, less substantial than smoke, standing or moving behind him. At other times, this entity seemed to be within the mirror. He couldn't focus on it, study it, because the moment he became aware of the presence, it was gone. He tried to lean back as he dropped, with the hope that he would fall under her, providing cushion if they met with sidewalk instead of lawn. He nodded. "The effect not only comes before a cause in this case, but completely without a cause. The effect is staying dry in the rain, but the cause--supposedly walking in a dryer world--never occurs. Only the idea of it." A trickster, this detective. Full of taunts and feints and sly stratagems. Psychological-warfare artist. With only a faint twinge of sentimental longing, he drove away from the house that had been his and Naomi's love nest for fourteen blissful months. Barty sat at the kitchen table, reading *Between Planets*. From time to time, Agnes discovered him watching her at work or studying Maria's face and her dexterous hands. When finally he found his voice, it was rough-sawn with a blade of grief. "My wife. Perri. Perris Jean." "Living high. When I wasn't on the road, I had a fine house here in Bright Beach, not this rental shack I'm in now, but a nice little place with an ocean view. You can guess what went wrong." Their apartment was in a four-story Victorian house that dripped gingerbread, in the exclusive Pacific Heights district. It had been converted to apartments with deep respect for the architecture, years before Wally bought it. In Cain's bedroom, Tom Vanadium's hooded flashlight revealed a six-foot-high bookcase that held approximately a hundred volumes. The top shelf was empty, as was most of the second. Last night, in the superintendent's basement apartment, as they shared a bottle of wine, Sparky had told Vanadium numerous weird tales about Cain: *The Night He Shot Off His Toe*, *The Day He Was Saved from a Meditative Trance and Paralytic Bladder*, *The Day the Psychotic Girlfriend Brought a Vietnamese Potbellied Pig to His Apartment When He Was Out and Fed It Laxatives and Penned It in His Bedroom* In fact, although weak and achy, Junior felt mentally refreshed and wonderfully alert. Putting one hand on the object to which she referred, Barty said, "Mom and I were listening to a book when you got here. This is a talking book." Everyone confronted Agnes with expressions of puzzlement and expectation, and she looked from one to another. Paul. Maria. Francesca. Bonita. Grace. Edom. Jacob. Finally Celestina. "He's not a real contemporary person, not anyone Cain needs to fear. So how did he develop this obsession with finding someone named Bartholomew?" He met Celestina's eyes, as if she might have answers for him. "Is there a real Bartholomew? And how does this tie in with his assault on you? Or is there any tie-in at all?" When he located the new grave, approximately where he'd guessed that it would be, he was surprised to find a black granite headstone already set in place, instead of a temporary marker painted with the. Each booth was at a large window, and each window provided a view of the street. Vanadium wasn't out there, watching from the sidewalk, either: no glimpse of his pan-flat face shining in the December sun. This didn't work for Junior. Strangely, when he focused on a mental image of any fruit--apple, peach, banana--his thoughts drifted to sex. He became aroused and had no hope of clearing his mind. The painkiller was not morphine-based, and it did not signal its presence in the system by inducing sleepiness or even a faint blurring of the senses. After forty minutes, however, he was sure that it must be effective, and he put the book aside. Instead, he sat in the breakfast nook with his phone books and resumed the grueling search for Bartholomew. With a nervous twitch of his avian head and a wary frown, the watcher broke eye contact and slipped into the chattering crowd, lost as quickly as a slender sandpiper skittering among a herd of plump seagulls. "The doctors," he continued, "needed to repair damage to the left frontal sinus, the sphenoidal sinus, and the sinus cavernous, which had all been partially crushed by that pewter candlestick. Frontal, malar, ethmoid, maxillary, sphenoid, and palatine bones had to be rebuilt to properly contain my right eye, because it sort of ... well, it dangled. That was just for starters, and there was considerable essential dental work, as well. I elected not to have any cosmetic surgery." THIS IS THE FIRST PAGE of the *Book of the Dark*, written some six hundred years ago in Berila, on Enlad. From his first birthday to his third, Barty made worthless all the child-care and child-development books that a first-time mother relied on to know what to expect of her offspring, and when. Barty grew and coped and learned according to his own clock. The funeral director and his assistant were the only people, other than Junior, remaining at the grave. They asked if they might lower the casket or if he would

rather that they wait until he was gone..In August, he developed an interest in meditation. He began with concentrative meditation-the form called meditation "with seed"--in which you must close your eyes, mentally focus on a visualized object, and clear your mind of all else..There were effective actions and ineffective actions, socially acceptable and unacceptable behavior, wise and stupid decisions that could be made. But if you wanted to achieve maximum self-realization, you had to understand that any choice you made in life was entirely value neutral. Morality was a primitive concept, useful in earlier stages of societal evolution, perhaps, but without relevance in the modern age..Yet that evening, when she'd accepted his proposal and asked if he wasn't frightened, he said, "Not anymore."..The owner's attitude softened somewhat with Junior's reference to the quarter, and softened even further when together they returned to the counter to see the proof in the cheese. He went from righteous anger to abject apology..This didn't seem strange to him. Among the many things that no longer mattered were the concepts of distance and time..Orange firelight bloomed in the living room below, a wave of heat washed over Paul, and immediately behind the heat came greasy masses of roiling black smoke, drawn to the stairwell as to a flue..Robert Heinlein saved her. Over hot dogs and chips, she read to Barty from Red Planet, beginning at the top of page 104. He had previously shared enough of the story with Agnes so that she felt connected to the narrative, and soon she was sufficiently involved with the tale that she was better able to conceal her anguish..straddles him, driving big fists into his back, brutally into his sides. With high fences and hedgerows of Indian laurels.As mentally demanding and stressful as it was to maintain this borrowed sight, the harder thing was looking once more upon her face, after all these years of blindness, only to see her gaunt, so pale. The vital, lovely woman whose image he had guarded so vigilantly in memory would be nudged aside hereafter by this withered version..judging by the evidence, the nurse was home alone, but Junior raised his voice above the music and called out, "Hello? Is anyone here?.."--and wherever he went, between his shows, he always gave free performances at nursing homes, schools for the deaf-".When he got no response, he wedged the toe of his right loafer under the guy's chest and, with some effort, rolled him onto his back..Outside, he discovered that some worthless criminal wretch had broken into his Suburban during the night. The suitcase and Book-of-the-Month selections were gone. The creep even swiped the Kleenex, the chewing gum, and the breath mints from the glove, compartment... Heart jumping like the heart of a fox-stalked rabbit, she ran from the driveway into the yard. She would have cried out if her throat hadn't seized up with terror at the sight of her boy at neck-breaking height. By the time she could speak, she realized that a shout, or even the unexpected sound of her plaintive voice, might unnerve him, cause him to misstep, and bring him caroming down, limb to limb, in a bone snapping plunge..A sense of fellowship in extraordinary times drew everyone closer, to hug, to touch, to share the wonder. For a long moment, even in the symphony of the storm, in spite of all the plink-tink-hiss-plop-rattle that arose from every rain-beaten work of man and nature, they seemed to stand here in a hush as deep as Tom had ever heard..The container-eye-level at the top, battered, rust-streaked, beaded with condensation-was larger than some in the alleyway, with a bifurcated lid. Both halves of the lid were already raised..She woke weeping from the dreams, and she wanted no witnesses. She wasn't embarrassed by her tears. She just didn't want to share them with anyone but Barty..ready to hear me. However long you need. But something ... something extraordinary happened here before you arrived."..He pushed back the bedclothes and sat up, leaning against the pillows and headboard. "This is maybe a hard thing for you to do, but it's really important.".."I'm not sure which is more unusual-the site of the eruption, the number of boils, or the size of them.".."You must've slipped this one in my pocket when you first came in here," Nolly deduced..Besides, the possibilities repulsed him. The very thought of a splendid-looking woman like Victoria submitting to a grotesque like Vanadium would have withered his soul if he had possessed a soul..Beautiful she was, both of face and form, even with her mouth gaping wide and her eyes rolled back in her skull. How bright her future might have been if she had not chosen to deceive. A tease was, in essence, a deceiver-promising what she never intended to deliver..She shivered, and Edom, thinking that she had caught a chill ripped off his suit jacket and draped it over her shoulders..Earlier, the dirty-sheet clouds had been wrung dry. Now, the trees that overhung the house had finally stopped dripping on the cedar shingled roof The night was so still that Agnes could hear the sea softly breaking upon the shore more than half a mile away.."I'd give anything if it hadn't happened," he said earnestly. And now a tortured note wrung wet emotion from his voice"I only wish it had been me who died."..With Angel at breakfast, instead of just Uncle Jacob, at least Barty had someone to talk to, even if she did insist on speaking more often through her dolls than directly. Apparently, the dolls were on the table, propped up with bowls. The first, Miss Pixie Lee, had a high-pitched, squeaky voice. The second, Miss Velveeta Cheese, spoke in a three year-old's idea of what a throaty-voiced, sophisticated woman sounded like, although to Barty's ear, this was more suitable to a stuffed bear..As the nurse gave Junior the injection, Parkhurst said, "You're an exceptionally sensitive man, Enoch. That's a quality to be much admired in an often unfeeling world. But in your current condition, your sensitivity is your worst enemy."..Maria's face gathered into a frown, like a piece of brown cloth cinched by a series of whipstitches. "Six lessons."..No. Not exactly then. Not at the sight of the coin or the detective. He had felt this way at Vanadium's mention of the name that he, Junior, had supposedly spoken in his nightmare.."I'm going to recommend that you be admitted overnight and that we lance these under hospital conditions. We'll use a sterile needle on some of them, but a number are so large they're going to require a surgical knife and possibly the removal of the carbuncle core. This is usually done with a local anesthetic, but in this instance, while I don't think general anesthesia will be required, we'll probably want to sedate you that is, put you in a twilight sleep.".."Is it as bad as that?" Celestina wondered plaintively, though she knew the answer. "I love San Francisco. The city inspires my work. I've built a life here. Is it really as bad as that?"..Initially, lying drowsily in the sumptuous comfort of Pratesi cotton sheets with black silk piping, Junior assumed that he was in a twilight state between wakefulness and sleep, and that the singing must be a lingering fragment of a dream. Although rising and falling, the voice remained so faint that he didn't at once identify the tune, but when he recognized "Someone to Watch over Me," he sat up in bed and threw back the covers..Edom and Jacob arrived, dinner was served, and while the food was wonderful, the conversation was better-even though the twins occasionally shared their vast knowledge of train wrecks and deadly volcanic eruptions. Paul didn't contribute much to the talk, because he preferred to bask in it. If he hadn't known any of these people, if he had walked into the room while they were in the middle of dinner, he would have thought they were family, because the warmth and the intimacy-and in the twins' case, the eccentricity-of the conversation were not what he expected of such newly made friends. There was no pretense, no falsity, and no avoidance of any awkward subject, which meant there were sometimes tears, because the death of Reverend White was such a fresh wound in the hearts of those who loved him. But in the healing ways of women that remained mysterious to Paul even as he watched them do.because even to cry in pain will invite more vicious discipline than the pummeling he's already

endured. His father. On this chilly January night, no campers or fishermen had staked claims along the lake. Because the trees were far enough back to be lost in the night, the immediate shore and the pooled blackness that it encircled appeared as desolate as any landscape on a world without an atmosphere. During Junior's brief stroll, the sidewalk ended, giving way to the graveled shoulder of the road. He saw no one on foot, and no vehicles passed him. Holding the mug in his right hand, Tom picked up the coin and rolled it across the knuckles of his left. Paul's quarter, after all. A two-bit temptation to panic. As gifted with physical grace as with good looks, Junior stepped into the bedroom doorway, lithely and with feline stealth. He leaned against the jamb. Raise high the candlestick. In spite of the masking music, breathe shallowly and through the mouth. Remain poised, ready. Then came the Year of the Tiger, 1974. Gasoline shortages, panic buying, mile-long lines at service stations. Patty Hearst kidnapped. Nixon gone in disgrace. Hank Aaron toppled Babe Ruth's longstanding home-run record, and the inflation rate topped fifteen percent, and the legendary Muhammad Ali defeated George Foreman to regain his world-heavyweight title. The two men detached and rolled up the pleated green skirt that hung from the rectangular frame of the graveyard winch on which the casket was suspended. Green, rather than black, because Naomi loved nature: Junior had been thoughtful about the details of the service. Agnes had lifted him to this perch. Now she smoothed his hair, straightened his shirt, and retied his loosened shoelaces, finding it even harder than she had expected to say what needed to be said. She thought she might require Dr. Chan's presence, after all. Tom was alone. The place should be silent. Hanna Rey, the housekeeper, wasn't scheduled to arrive until ten o'clock. He wanted to say: The vain, power-mad politicians who milk cheers from ignorant crowds, the sports stars and preening actors who hear themselves called heroes and never object, they should all wither with shame at the mention of your name. Your vision, your struggle, the years of grueling work, your enduring faith when others doubted, the risk you took with career and reputation--it's one of the great stories of science, and I'd be honored if I could shake your hand. His homely face was long and narrow, as though pulled into that shape by the weight of his responsibilities. In other circumstances, however, his generous mouth might have shaped an appealing smile; and his green eyes had in them the compassion of someone who himself had known great loss. Lord, help me here. Give me this one, just this one, and I'll follow thereafter where I'm led. I'll always thereafter be your instrument, but please, please, GIVE ME THIS CRAZY EVIL SON OF A BITCH! She realized she hadn't turned on the radio. Before she could reach for the switch, she was asleep. At the end of their second date, however, Frieda invited Junior up to her apartment, to see her Lientery collection and, no doubt, to take a ride on the Cain ecstasy machine. She owned seven canvases by the painter, received as partial payment of his PR bills. "God bless us, every one," Agnes repeated with all her extended family, and after a sip of the wine, she made an excuse to check on something in the kitchen, where she pressed hot tears into a cool, slightly damp dishtowel to prevent the telltale swelling of her eyes.
