Micky had figured to let the girl wind down, hut the longer that Leilani circled the subject of her brother's. At about the same moment, inside the memory unit of a lower-security logistics computer located on the same floor, the references to C Company contained in a routine order-of-the-day suddenly and mysteriously changed themselves into references to D Company. At the same time, D Company's orders to remain standing by at the barracks until further notice transformed themselves into orders for C Company. Ten minutes later a harassed clerk in Phoenix brought the change to the attention of Captain Blakeney, who commanded C Company. Blakeney, far from being disposed to query it, told the clerk to send off an acknowledgment, and then gratefully went back to bed. Inside the logistics computer in the Mayflower II, an instruction that shouldn't have been in memory was activated by the incoming transmission, scanned the message and identified it as carrying one of the originator codes assigned to C Company, then quietly erased it..Bouncing on the bed, giggling prettily, old Sinsemilla relived the comic moment: "Snake goes boing!". "Thank you. Are you sure your mother wouldn't like to join us?". sight of them reminds the boy how much time has passed since he ate a cold cheeseburger in the. now. The target has to be the Kuan-yin." Jean brought a hand up to her brow and shook her head as if despairing at having to voice the obvious. "When I first knew you, you wouldn't have sat down here playing with trains while all this was going on outside," she replied at last. "Don't you understand? What's happening out there, right now, is important. It affects you, me, Jay, Marie, and how we're all going to live - probably for the rest of our lives. Twenty years ago you-both of us-we'd have done something. Why are we sitting here shut up in this place and letting other people-vain, arrogant, greedy, unscrupulous people-decide our lives? Why aren't we doing something? It's that. I can't stand it." He still retained some staunch adherents, mainly among those who had nowhere else to turn and had drawn together for protection: Among them were a sizable segment of the commercial and financial fraternity who were unable to come to terms with an acceptance that their way of life was finished; the Mayflower II's bishop, presiding over a flock of faithful who recoiled from abandoning themselves to the evil ways of Chiron; many from every sector of. "You can count on it, sir," Stanislaw said. "No. My father just wants to see the gore." If Colman was nonplussed. He shook his head as if to clear ? it. "What--What exactly do you do around here?" Kath's smile became impish, as if she were amused by his confusion. "Oh, you'd be surprised." "Only one of you was shot m the head," Leilani said, "but you've both got scrambled wiring for the most.they would come for Noah, not for his sister. "Maybe it was an antidote to all that crap the Eagles sang.." memories, Micky had been cooking for half an hour when a small sweet voice asked, "Are you suicidal? PFC Driscoll stepped one pace backward from the end of the by-this-time-diminished file, turned ninety degrees to the right, and stepped back again to come to attention with his back to the wall by the entrance to a smaller side corridor. "Parade . . . rest!" Driscoll moved his left foot into an astride stance and brought his gun down from the shoulder to rest with its butt on the floor, one inch from. "Do you want to get out of here alive?". Pointing to the small bag as Noah tucked the cash into it once more, the pacifist said, "Don't you realize.Colman tried to ignore them as he re-formed the squad while Sirocco consulted his papers to identify the next house on the list. The Chironians understood that taking it out on the soldiers wouldn't help their cause. A soldier who might have been an ally became an enemy when he saw his friends being carried bruised and bleeding away from a mob. Everything the Chironians did was designed to subtract from their enemies instead of add to them, and to whittle their opposition down to the hard core that lay at the center, which was all they had any quarrel with. He could see it; Sirocco could see it, and the men could see it. Why couldn't more of the Terrans see it too?" "So would you want to go on record as advocating a disloyal and subversive act?" Merrick challenged.. "Sucky," Aunt Gen said..pity cripples, but they're afraid of mutants." "We don't intend to let it happen," Kath said..image of hip sophistication. Leilani knew better than anyone that.The relief detachment from B Company marched from the exit of the shuttle to take up positions in from of the ramp, and Sirocco stepped forward to address the advance guard. "Ship detail, atten-shun! Two ranks in marching order, fall . . . in!" The two lines that had been angled away from the lock re-formed into files behind the section leaders. "Sentry details will detach and fall out at stations. By the left... march!" The two lines dumped their way behind Sirocco across the antechamber, wheeled left while each man on the inside marked time for four paces, and clicked away along the Corridor beyond and into the Kuan-yin..of it. Carson of Third Platoon asked sourly. "If anyone gets it first, guess who." "We're going to have to talk about this, Jay." Bernard's voice was very serious. "I was teasing, really," Murphy said. "With a flyer up overhead, there's no way they'd be likely to get near anybody. But it's customary to go armed when you're not in places like Franklin... just in case." It was interesting, certainly. "Well.. . maybe," Bernard replied guardedly. "Who do you know there?" - "That's okay," Colman said. "We just have to take some measurements." Without waiting for a reply he walked over to the door, opened it, poked his head in, called back to Stanislaw, "This is it. Where's Johnson?" and went inside. Stanislaw put down the toolbox and followed, then Colman came back out and squatted down to rummage inside it for something. Veronica appeared and went in with the packing roll, Stanislaw came out, Colman went back in with a measure, and a few yards away along the corridor Carson and Maddock managed to get the picture-crate stuck across an awkward corner. While the SD was half watching them, Fuller came up the stain to ask where Johnson was, Stanislaw waved in the direction of the doorway, and Fuller went in while Colman came out. Carson dropped his end.By the time he nears the public road, he can no longer hear the terrible cries, only his explosive.might be the sound of hope, but also ever receding.."Old Sinsemilla. Who else? She's psychotic. As they say when they commit people to the psychiatric."Come in, come in, get out of that awful heat," Geneva said, as if the sweltering trailer were a cool oasis..Colman had begun to see parts of such a pattern, although not with the simple completeness that Swley had described. What Swley was saying might be true as far as it went, but Colman was certain that in Kath's case Swley had, for once, missed something, something more personal than just political motivation,.A smiling waitress. "No offense, Micky, but the story of Dr. Doom and his multiple homicides is a dreary tale, more tedious." "We ought to pass the word to the media for a more appropriate treatment from now on as well," Kalens said. "Perhaps playing up things like Chironian stubbornness and irresponsibility would harden up the public image a bit... just in case. We could get them to add a mention or two of signs that the Chironians might have armed themselves and the need to take precautions. It could always be dismissed later as overzealous reporting. Should I whisper in Lewis's ear about it?" "Oh, little mouse, what's wrong with me that I let the child go back there?".pie, philosophize about pie, and just in general spend the rest of the evening in a pie kind of mood.."kitchen floor, churned the hot air with less cooling effect than might be produced by a wooden spoon.Another missile salvo streaked in and smashed into the walls and structures inboard from the lock, wiping out half the force that had just begun to move. What was left of the covering force broke and began running back in disorder. "Get everybody out! "Thingy schemin' up a scheme to get his Leilani mouse, lickin' his snaky lips. Thingy, him be dreamin'. life is all one long playtime. But it's not really their fault because they're not really people like us." The conviction was widespread even though the Mayflower II's presiding bishop was carrying a special ordinance from Earth decreeing that Chironians had souls. Jean realized that she had left herself open to misinterpretation and added hastily, "Well, they are people, of course. But they're not exactly like you because they were born without any mothers or fathers. You mustn't hate them or anything. Just remember that you're a little better than they are because you've been luckier, and you know about things they've never had a chance to learn. To be accepted, he has to be seen to go by the rules. If he didn't he'd become a threat to the group, and they'd reject him. And nobody can take that.
