The hardest was being in this room at the very moment when Phimie had moved on. Celestina knew beyond doubt that this was the worst thing she would have to endure in all her life, worse than her own death when it came..madness or a brilliant deductive insight: Naomi, the hateful bitch, she poisoned me!"Jacob scares people," Agnes said. "No one would eat a pie that Jacob delivered without having it tested at a lab.".The rain was colder than it had been earlier, almost as icy as sleet. Or perhaps she was far hotter than before and felt the chill more keenly on her fevered skin. Each droplet seemed to hiss against her face, to sizzle against her hands, with which she tightly gripped her swollen abdomen as if she could deny Death the baby that it had come to collect..Sweet-tempered, generous, honest, kind Naomi had surely been incapable of murdering anyone-least of all the man she loved..To become a physical therapist, Junior had taken more than massage classes, so he knew what hematemesiis meant. Hematemesis: vomiting of blood..The most shameful thing Junior found was the "art" on the walls. Tasteless, sentimentalized realism. Bright landscapes. Still lifes of fruit and flowers. Even an idealized group portrait of Prosser, his late wife, and Zelda. Not one painting spoke to the bleakness and terror of the human condition: mere decoration, not art..On Tuesday, January 2, Junior met with the drug dealer who had introduced him to Google, the document forger, and he arranged to purchase a 9-mm handgun with custom-machined silencer..Stepping forward, Agnes said, "When Barty holds my hand and walks me through the rain, I get wet even while he stays dry. The same for all the rest of us here ... except Angel.".Breath repeatedly catching in her throat, heart thudding, Agnes watched her son through the open car door..Grace knew it, too, because she went limp with misery in his arms, ceased struggling against him..If her beautiful son was to be a prodigy of any kind, she would thank God for his talent and would do anything she could to help him achieve his destiny..The pubescent physician returned with three colleagues, who crowded behind the privacy curtain to proclaim that none of them had ever seen any case remotely like this before. The oldest-a myopic, balding lump-insisted on asking Junior probing questions about his marital status, his family relationships, his dreams, and his self-esteem; the guy proved to be a clinical psychiatrist who speculated openly about the possibility of a psychosomatic component..He rolled Neddy onto one side, but no gold watch lay underneath, so he let the musician flop onto his back again..He closed his eyes to know the kitchen as Barty knew it. The fine aromas, the musical clink of spoons, the tinny rattle of pans, the liquid swish of a stirring whisk, the heat from the ovens, the women's voices: Gradually, denying himself sight, he was aware of his other senses sharpening..Eventually Junior crossed the room to stand before Industrial Woman in all her scrap-metal glory. Her soup-pot breasts reminded him of Frieda's equally abundant bosom, and unfortunately her mouth, open wide in a silent shriek, reminded him of Frieda retching..Setting out after dark, Paul had walked south, following the coastal highway. He was accompanied by the windy rush of passing traffic, but later only by the occasional cry of a blue heron, the whisper of a salty breeze in the shore grass, and the murmur of the surf. Without pushing himself too hard, he reached La Jolla by dawn..On the serving tables, the canap? trays held only stained paper doilies, crumbs, and empty plastic champagne glasses..Surprised, Tom leaned in his chair to look more directly at the blind boy. On the telephone, Celestina had mentioned only that Barty was a prodigy, which didn't quite explain the aptness of the oak-tree metaphor..After a minute, he slipped his hand into his pocket. The quarter was still there..Kathleen had never heard a religious calling described in such odd words as these, and she was surprised, indeed, to hear a priest refer to God as "strange.".A pink spot in the center of Victoria's forehead marked the point of impact. Soon it would be an ugly bruise. The skull bone did not appear to have been cratered..He could have killed Vanadium while the cop slept; however, that would be far less satisfying than engaging in a little psychological warfare and leaving the devious bastard alive to suffer remorse when two more children died under his watch..Phimie gazed upon the child briefly, then sought her sister's eyes again. Another word,.But first, in early July, he stopped taking French lessons. It was an impossible language. Difficult to pronounce. Ridiculous sentence constructions. Anyway, none of the good-looking women he met spoke French or cared whether he did..From Christmas through February, he dated a beautiful stock analyst and broker-Tammy Bean-who specialized in finding value in companies that had rewarding relationships with brutal dictators..Nurses were supposed to be angels of mercy. She had shown him no mercy. And she was certainly no angel..Most likely, Reverend White's ramblings were as greasy with sentiment and oily with irrational optimism as were his daughter's paintings, so Junior was in no hurry to learn the name of the radio program or to write for a transcript of the sermon..Wishing he had left the gauze wrappings on his face, but afraid that the airwaves might already be carrying news of the bandaged man who had killed a minister in Spruce Hills, Junior abandoned the Dodge and hurriedly walked back to the private-service terminal, where the pilot from Sacramento waited. At the sight of his passenger, the pilot blanched and said, Allergic reaction to WHAT? And Junior said, Camellias, because Sacramento was the Camellia Capital of the World, and all that he wanted was to get back there, where he'd left his new Ford van and his Sklents and his Zedd collection and everything he needed to live in the future. The pilot couldn't conceal his intense revulsion, and Junior knew that he would have been stranded if he hadn't paid the round-trip charter fare in advance..STILL WEARING HIS white pharmacy smock over a white shirt and black slacks, striding purposefully along the streets of Bright Beach, under a malignant-gray twilight sky worthy of a Weird Tales cover, with ominous accompanying rhythm

provided by wind-clattered palm fronds overhead, Paul Damascus headed home for the day. Junior approached the headstone from behind, circled it, and shone the flashlight on the chiseled facts. On hearing of Bartholomew's-and/or Celestina's-death, Neddy would be on the phone to the police, pointing them toward Junior, in twelve seconds. Maybe fourteen. "Oh, Wally, I am worried. I'm deeply worried. My mama is going to buy herself a first-class ticket to the fiery pit if she doesn't stop this prevaricatin' ". The telephone rang, putting an end to their chat, but Agnes would remember the substance of it later that year, on the day before Christmas, when Barty took a walk in the rain and changed forever his. Three equally modest rooms opened off this lounge. Two housed complete dental units, and the third provided cramped office space shared by the receptionist and the doctor. This back blow wasn't just sport, either, but more like Vietnam as lie sometimes told women that he remembered it. As though pitched by a grenade blast, Junior went from his feet to the floor with chin-rapping impact, teeth guillotining together so hard that he would have severed his tongue if it had been between them. Sometimes, just the thought of getting in the car and venturing into the dangerous world was intolerable. Then he settled into his La-ZBoy and waited for the natural disaster that would soon scrub him off the earth as though he had never existed. Either operating on first-aid knowledge of his own or responding to an instruction from the medic, the cop slipped a foam pillow under Agnes's head. Two teenage boys and one elderly woman scrambled across the sidewalk, grabbing at the ringing rain of quarters. They caught some, but others bounced and twirled through their grasping fingers, rolling-spinning away into the gutter. "Uncle Edom. Uncle Jacob. Aunt Maria. So I can remember faces after ... you know." find reason to celebrate every development in life, including the cruelest catastrophe, by discovering the bright side to even the darkest hour. Because his pinching fingers deformed the shape of her mouth, her voice was compressed: "I see all the ways you are." Angel moved her hand to Barty's right eye, and again he didn't twitch with surprise when her fingers lightly touched his closed and sagging lid. "I won't let you forget." With his sister's financial backing, Edom purchased a flower shop in '71, after ascertaining that the strip mall in which it was located had been even more soundly constructed than the earthquake code required, that it didn't stand on slide-prone land, that it did not lie in a flood plain, and that in fact its altitude above sea level ensured that it would survive all but a tidal wave of such towering enormity that nothing less than an asteroid impact in the Pacific could be the cause. In '73, he married Maria Elena (that boy-girl thing, after all), whereupon she became Agnes's sister-in-law in addition to having long been a full sister in her heart. They bought the house on the other side of the original Lampion homestead, and another fence was torn down. The owner, also the pilot on this trip, was pleased to be paid cash in advance, in crisp hundred-dollar bills, rather than by check or credit card. He accepted payment hesitantly, however, and with an unconcealed grimace, as though afraid of contracting a contagion from the currency. "What's wrong with your face?" Agnes hadn't asked him to keep his strange feat a secret from his uncles. In truth, she had come home in such a curious state of mind that even as she'd worked with Jacob to prepare dinner and even as she'd overseen Edom's setting of the table, she hesitated to tell them what had happened on the run from Joey's grave to the station wagon. She fluctuated between guarded euphoria and fear bordering on panic, and she didn't trust herself to recount the experience until she had taken more time to absorb it. "If there's a presentation, I assume then I'm the presentee," he said, taming his chair sideways to the table and taking her into his lap. "Just remember, I never wear neckties." Saturday and Sunday, between sessions with the directory, Junior cruised around the county on a series of pleasure drives-testing the theory that the maniac cop was no longer following him. Apparently, Simon Magusson was correct: The case had been closed. Outside, he turned to look at the display windows. He expected to see the candlestick, supernaturally apparent only from this side of the glass, but it wasn't there. Throughout the autumn, Junior read book after book about ghosts, poltergeists, haunted houses, ghost ships, s'ances, spirit rapping, spirit manifestation, spirit writing, spirit recording, trance speaking, conjuration, exorcism, astral projection, Ouija-board revelation, and needlepoint. Earlier, the dirty-sheet clouds had been wrung dry. Now, the trees that overhung the house had finally stopped dripping on the cedar shingled roof. The night was so still that Agnes could hear the sea softly breaking upon the shore more than half a mile away. Repressing a smirk, feigning a respectful solemnity, he dared to glance at Vanadium, but the detective stared into Naomi's grave as though he hadn't heard the mockery-or, having heard it, didn't recognize it for what it was. Finally Angel dropped and slithered, vanishing under the overhanging bedclothes with a final flurry of yellow socks. That was another thing. Junior hadn't gotten his noon meal, because the spirit of Vanadium had nearly caught up with him when he'd been browsing for tie chains and silk pocket squares before lunch. Then he missed dinner, as well, because he had to maintain surveillance on Celestina when she didn't go straight home from the gallery. He was hungry. He was starving. This, too, she had done to him. The bitch. By now, Junior realized that he had been locked in a meditative trance for at least eighteen hours. He had settled into the lotus position at five o'clock Monday afternoon-and Bob Chicane had shown up or their regular instruction session at eleven Tuesday morning. The past three years had given Wally much to celebrate, as well. After selling his medical practice and taking an eight-month hiatus from the sixty-hour work weeks he had endured for so long, he'd been giving twenty-four hours of free service to a pediatric clinic each week, providing care to the disadvantaged. He'd worked hard all his life, and saved diligently, and now he was able to focus solely on those activities that gave him the greatest gratification. When Agnes was surprised to discover that Barty's name had been inspired by the reverend's famous sermon, Paul was startled. He had heard "This Momentous Day" on its first broadcast, and learning that it would be rerun three weeks later by popular demand, he'd urged Joey to listen. Joey had heard it on Sunday, the second of January, 1965-just four days before the birth of his son. sky grew sullen in the early twilight, and the city once more arrayed itself in the red gesso and gold leaf that had indirectly illuminated Celestina's apartment ceiling the previous night. The search for Cain was secondary. Getting to the revolver took Priority. Regain the gun and then proceed room by haunted room to hunt him down. Hunt him down, if he was here. And if Cain didn't do the hunting first. Sometimes he thought he walked for Perri, using the steps she had stored up and never taken, giving expression to her unfulfilled yearning to travel. At other times, he thought he walked for the solitude that allowed him to remember their life in fine detail-or to forget. To find peace--or seek adventure. To gain understanding through contemplation---or to scrub all thought from his mind. To see the world or to be rid of it. Perhaps he hoped that coyotes would stalk him through a bleak twilight or a mountain lion set upon him on a hungry dawn, or a drunk driver run him down. She was not going to be as forthright with Barty as she had insisted that Joshua Nunn be with her, in part because she was too shaken to risk forthrightness. "I'll teach her," Wally said, moving past them to the apartment door, fishing a ring of keys out of his coat pocket. She shook her head, and red bows fluttered. "No. 'Cause you didn't just move it around." Even Angel, mere wisp of a cherubim, couldn't squeeze through a seven-inch opening. In bed, lights out, Junior marveled at his daredevil spirit. He never stopped surprising himself. The candlestick was dry. Holding this

pewter bludgeon with a paper towel, Junior replaced it on the table as he had found it. He picked up the candle from the floor and married it to the stick.. "He was born yesterday, not today," Edom said glumly. "When the thousand-year quake hits, skyscrapers will pancake, bridges crumble, dams break. In three minutes, a million people will die between San Diego and Santa Barbara." During the following ten days, he withdrew money from several accounts. He converted selected paper assets into cash, as well.. stubbornly withholds them is to take a bitterly cold shower while pressing ice against one's genitals, until the desired facts are recalled or hypothermic collapse ensues.. In Junior's estimation, this was not the way that a normal person lived. This was the home of a deranged loner, a dangerously obsessive man.. This seemed to be a statement of great mystery and beauty, and Agnes was still contemplating it when the last of the ice melted on her tongue. Instead of more ice, sleep was spooned into her, as dark and rich as baker's chocolate.. Glancing at the plump pie in Edom's hands, the gentleman replied to Agnes in a musical yet gravelly voice worthy of Louis Armstrong: "You must be the lady Reverend Collins told me about." He exploded off Renee with the velocity of high-powered rifle fire. Stunned, disgusted, humiliated, he backed away from the chaise lounge, spluttering, wiping at his mouth, cursing.. She worried that they would argue with her, and though she knew that she was committed to her decision, she was afraid to have that commitment tested just yet.
