We're the location to get for the publication that is referred. And your own time to obtain this guide as on the list of compromises has already been ready. At the sight of her photograph, she felt herself flush. She hoped none of the pedestrians passing between her and the gallery would look from the photo to her face and recognize her. What had she been. During the five years following Agnes's death, their family of many names thrived. Barty

and Angel had brought them all together in this place fifteen years previously, but the destiny about which Toni had spoken on the back porch, that night in the rain, seemed to be in no hurry to manifest itself. Barty could find no painless way to sustain secondhand sight, so he lived without the light. Angel had no reason to shove anyone else into the world of the big bugs, where she'd pushed Cain. The only miracles in their lives were the miracles of love and friendship, but the family remained convinced of eventual wonders, even as they got on with the day at hand. Aside from purchasing the T. S. Eliot book, which he hadn't found time to read, Junior was only peripherally aware of current events, because they were, after all, current, while he tried always to focus on the future. The news of the day was but a faint background music to him, like a song on a radio in another apartment. "Guilt," said the detective. "If he killed her, wouldn't an overwhelming sense of guilt be as likely as anguish to cause acute nervous emesis?" Edom would have judged this a perfect day—except for the earthquake weather. He was convinced that the Big One would bring the coastal cities to ruin before twilight. Before he searched the bedroom, Vanadium walked quickly back through the rooms that he had already inspected, suddenly remembering the three bizarre paintings of which Nolly, Kathleen, and Sparky had spoken, and wondering how he could have overlooked them. They were not here. He was able to locate, however, the places on the walls where the art works had hung, because the nails still bristled from the pocket plaster, and picture hooks dangled from the nails. "Everyone knows about Vanadium. He's a crusader, self-appointed champion of truth, justice, and the American way. A holy fool, if you will. With the case closed, he has no authority to harass you." "Tragic. Her string's been cut too soon. Her music's ended prematurely," Junior said, feeling confident enough to dish a serving of the maniac cop's half-baked theory of life back to him. "There's a discord in the universe now, Detective. No one can know how the vibrations of that discord will come to affect you, me, all of us." After moving all of a hundred feet, Celestina and Wally—with Grace fretting that someone would be hurt—had torn down the high stave fence between properties, for theirs had become one family with many names: Lampion, White, Lipscomb, Isaacson. When backyards were joined and a connecting walkway poured, Barty's travels from house to house were greatly simplified, and regular visits by the Gonzalez, Damascus, and Vanadium branches of the clan were also facilitated. "Well, it's true," he said, finally turning the key in the proper direction and firing up the engine. Rising from the chair and approaching the bed, the detective kept turning the quarter without hesitation. "She was a very sweet girl. Very romantic. Her diary's full of rhapsodies about married life, about you. She thought you were the finest man she'd ever known and the perfect husband." "Fear?" Kathleen asked, more interested in Vanadium's words than in his prestidigitation. "You said you're offering fear to Cain ... as if that was something he would want." Livor mortis had already set in, blood draining to the lowest points of her body, leaving the fronts of her bare legs, one side of each bare arm, and her face ghastly pale. EARLY CHRISTMAS EVE, gallery brochure in hand, Junior returned to his apartment, puzzling over mysteries that had nothing to do with guiding stars and virgin births. Holding up his misshapen hands, knobby knuckles toward Agnes, Obadiah said, "How do you think they became like this?" When he located the new grave, approximately where he'd guessed that it would be, he was surprised to find a black granite headstone already set in place, instead of a temporary marker painted with the. She strove to appear calm, and she must have succeeded, because neither woman seemed to realize that she was scared almost to the point of paralysis. She moved woodenly, joints stiff, muscles tense. Wet cobblestones and tattered blacktop. Hurry, hurry. Past the lighted casement window in the gallery men's room. During the ten days since Joey's passing, a great many people had conveyed their condolences to Agnes, but until this man, she'd known all of them. "I'm Sister Josephina." She slipped Celestina's purse off her shoulder—"You can trust this with me"—. When the attorney finally came on the line, he sounded put-upon, as though Junior were the equivalent of a troublesome toe that he would like to shoot off. When she tried to say bow, the how of speech eluded her, and she sat as mute as if no words had ever passed her lips before. Later, at home, he gargled until he had drained half a bottle of mint-flavored mouthwash, took the longest shower of his life, and then used the other half of the mouthwash. When she looked up from Barty, she saw the attorney with his hands full of documents. "Surprise? I know what's in Joey's will." Edom and Jacob Isaacson were her older brothers, who lived in two small apartments above the four-car garage at the back of the property. Junior worried that he might not locate the correct Dumpster among the many. Yet he didn't switch on the flashlight, suspecting that he would be better able to find his way if the conditions of darkness and fog were exactly as they had been earlier. In fact, this proved to be the case, and he instantly recognized the hulking Dumpster when he came upon it. Paul couldn't remember when he began to love her. Not at first sight. But before she contracted polio. Love came gradually, and by the time it flowered, its roots were deep. Finished, Joshua excused himself and went down the hall to his office. He was gone perhaps five minutes, and when he returned, he sent Barty off to the waiting room, where the receptionist kept a jar of lemon- and orange-flavored hard candies. "A few of them have your name on 'em, Bartholomew." Rowena loves you, Phimie had told him, briefly repressing the effects of her stroke to speak with clarity. Beezil and Feezil are safe with her Messages from his lost wife and children, where they waited for him beyond this life. Pain again, but not a mere contraction. Such an excruciation, unendurable. The hobnailed wheels ground through her once more, as though she were being broken on a medieval torture device. When Agnes was surprised to discover that Barty's name had been inspired by the reverend's famous sermon, Paul was startled. He had heard "This Momentous Day" on its first broadcast, and learning that it would be rerun three weeks later by popular demand, he'd urged Joey to listen. Joey had heard it on Sunday, the second of January, 1965—just four days before the birth of his son. As they rolled along the coast, Agnes began to read to Barty from Podkayne of Mars: "All my life I've wanted to go to Earth. Not to live, of course—just to see it. As everybody knows, Terra is a wonderful place to visit but not to live. Not truly suited to human habitation." holding hands as they watched John Wayne in *The Searchers*, David Niven in *Around the World in 80 Days*. They were so young then, sure they would live forever, and they were still young now, but for one of them, forever had arrived. Sitting in Simon Magusson's mahogany-paneled office, reading the contents of this file, Junior was aghast. "I could have been killed." In this brighter light, he further examined the gallery brochure and discovered Celestina's photograph. She and her sister were not as alike as twins, but the resemblance was striking. Shuddering, rubbing furiously at himself, he stumbled into the bathroom. In the mirror, he confronted a face he hardly recognized: swollen, lumpy peppered with red hives. "Quick, very quick," he warned, helping Grace through the fire framed window and onto the roof of the porch. They could not have been more solemn or more respectful if Naomi's corpse—stitched back together, pumped full of embalming fluid, painted with pancake makeup, dressed in white, with her cold hands clasping a Bible to her breast—had been reposing in a casket in this very room, surrounded by flowers and awaiting the arrival of mourners. They were all polite, soft-spoken, sad-eyed, oozing unctuous concern—and so full of feverish calculation that Junior wouldn't have been surprised if they had set

off the ceiling-mounted fire sprinklers..In his blindness, Barty listened to her reports and, through her, saw more than he could have seen if never he had lost his eyes..The sound-suppressor didn't render the pistol entirely silent, but the three soft reports, each like a quiet cough muffled by a hand, wouldn't have carried beyond the hallway..Angel was adamant: "Nope. I could learn that. Like dressing myself and saying thank-you."..Over many proud generations and at least to the extent of second cousins, no one on either side of Celestina's family had skin of this light color. They were without exception medium to dark mahogany, many shades darker than this infant..Celestina didn't hear gunfire, but she couldn't mistake the bullets for anything else when they cracked through the door..The restaurant wasn't fancy. A coffee shop. Aromatic bacon sizzling, eggs frying. The warm cinnamony smell of fresh pastries, the bracing scent of strong coffee. Clean, bright surroundings..Gazing into the mirror, which ought to have been clouded with self-pity as though with steam, Junior Cain searched for his anger and found it. This was a black and bitter anger, as poisonous as rattlesnake venom; with little difficulty, his heart was distilling it into purest rage..Though she worried that reading would strain his eyes, worsening his condition, she recognized the irrationality of her fear. Muscles don't atrophy from use, nor eyes wear out from too much seeing..As he'd been instructed, Vanadium felt along the return edge of the carved limestone casing to the right of the window until he located a quarter-inch-diameter steel pin that protruded an inch. The pin was grooved to facilitate a grip. An insistent, steady pull was required, but as promised, the thumb-turn latch on the inside disengaged.."Indeed, you did," said Magusson. "And I dismissed him as a well intentioned crusader, a holy fool. Looks like you had a better take on him than I did, Mr. Cain."."Mr. Cain, if he bothers you, would you want me to have his choke chain yanked?".interminably against the ignition plate before, at last, he was able to insert it. "Should be a boy, because then you'll always have a man around the house."..On the back of the watch case, however, were the incriminating words of a commemorative engraving: To Eenie/Love/Tammy Bean..Koko skidded to a halt, perplexed, looked left, looked right, floppy ears lifted slightly to catch any sound of Mistress Mary..Nothing he had learned about the supernatural had led him closer to a belief in ghosts and in all that ghosts implied. His faith still reposed entirely in Enoch Cain Jr., and he refused to make room on his altar for anyone or anything other than himself..At the grave, they arrived with red and white roses. Agnes carried the red, and Barty brought the white..Happiness could grow out of unspeakable tragedy with such vigor that it produced dazzling blooms and lush green bracts. This insight served, for Celestina, as a primary inspiration for her painting and as proof of the grace granted in this world that we might perceive and be sustained by the promise of an ultimate joy to come.
